

He Is A Mighty Lord

It's time for another (probably the last) choir video for the season. So, let's all participate and have fun until we (hopefully) meet in person next fall.

I'm trying something new and hopefully helpful for this project. We have sung this song several times before, so it should be familiar to you. Renae and I sang all the parts (no gagging, please) so you will receive a track that is "part" heavy, one each for Soprano, Alto, Tenor and Bass. The sopranos split at ms 78 to the end and the altos split on the last 2 measures. Sing the part or parts that suit you best.

When you video yourself, please use landscape mode. That is what works best for these videos.

There is a 20 second lead in time before the music starts. That will give you plenty of time to start your video device and get back in place. Smile, look at the camera as much as you can and wait about 10 seconds after the music stops to move out of place.

When you are done, send your video to me through wetransfer.com. Don't e-mail your file because they are too large for e-mail servers.

As usual: If you have a problem, CALL ME.

If you have issues uploading your video to retransfer.com, CALL ME

If you want to record this at church using my devices, CALL ME.

I will be glad to help.

This choir project is planned for sometime in May, and since these videos are very labor intensive, please make your submissions by Fri, April 30.

Thanks for helping to keep LOL a vibrant community,

Jon Novak
